

Armatus[®] Online Abuse Prevention Training by Praesidium

Welcome to YFC's Online Abuse Prevention Training. The instructions from Praesidium on the following page will get you started with directions to log in and access to the courses. Thank you for taking the time to seriously consider this issue and honor our responsibility for the safety of every young person in YFC.

As you follow the instructions, you need to enter a registration code to log in; the code is specific to each YFC Chapter and Affiliate. Your YFC supervisor will provide this for you. Once you enter the code, you will be able to select your ministry's account from a drop-down box to complete your registration.

Upon logging in, you will see a welcome message from Dan Wolgemuth along with a selection of training courses. This is serious material containing personal interviews with both abusers and victims of abuse. You might find it a little difficult to watch, and we all wish we didn't have to think about these issues. However, given the times we live in and the culture we work in, we must face these issues preemptively and head-on if we're going to take seriously our responsibility to protect kids. The courses are:

Meet Sam

Sam molests children and in this module he tells you how he gets away with it. You learn the types of molesters and the methods they use to manipulate their coworkers, parents, and children—all to meet their own needs. You also learn how to spot interactions between adults and children that may indicate danger.

It Happened to Me

Temper outbursts. Failing grades. Depression. Suicide. These are just a few of the effects of sexual abuse. In this module, you hear children and adults describe the devastating effects abuse had on their lives. You learn about the prevalence of abuse and specific characteristics that may put some children at higher risk of abuse.

Abuse Risk Management for Volunteers (Volunteers only need to complete this course)

This module shows volunteers how molesters operate, the devastating effects of abuse, and the specific steps volunteers can take to prevent abuse and false allegations of abuse.

If you encounter problems logging in or need further assistance, Praesidium's technical support team is ready to assist you. Contact them at support@praesidiuminc.com or 817-801-7773.

Armatus® Online Abuse Prevention Training

Welcome to Armatus! We have developed some helpful hints to ensure you retain what you learn. Good luck and enjoy your courses.

1. Right Place, Right Time

Set the right conditions for learning. Create an environment with no interruptions, no phone calls, and no distractions. Set aside 30 to 45 minutes for each course so you don't have to hurry.

2. Take your Time

Have patience and take your time. Read carefully to make sure you fully understand the content. Instead of rushing through the training, plan to complete only one (or two) courses each time you login so you can really absorb what you've learned. Complete each course from beginning to end. If you need to pause and continue training later, the course will start again from the beginning of the section where you left off.

3. Follow the Arrows

When it's time to move to the next page, an arrow will appear at the bottom right corner. When prompted, click the arrow to move forward.

4. Think about It

Lastly, pause and think about what you are learning. Throughout the course, think about how you can apply what you are learning to your own position. We know that with proper concentration you can understand and apply what you learn. When you pass the quiz at the end of the course, print your certificate, use the print screen function or take a picture of the screen on your phone. This will ensure completion conformation.
